## PROFESSIONAL EXPERIENCE

### Chat Application Developer

Developed a real-time chat app using React.js with Firebase for authentication, database management, and real-time messaging. Gained expertise in React components, state management, and integrating cloud-based backend services for a responsive user experience.

- Developed front-end coding standards, resulting in a 20% increase in code quality and improved website performance.
- Developed a responsive website UI using HTML, CSS, and JavaScript that reduced overall page load speed by 15%

### Weather Application

Developed a weather forecasting app using React.js and the OpenWeatherMap API for real-time data, featuring city-based weather searches. Strengthened skills in API integration, asynchronous JavaScript, and managing dynamic data in React with a responsive design.

- Identified and troubleshooted front-end performance issues, resulting in a 15% reduction in website errors and improved website stability.
- Stayed up-to-date on emerging technologies and implemented new features, resulting in a 10% increase in website functionality and improved user experience.

### To-do Application

Developed a to-do list app using React.js for task management, allowing users to add and remove tasks without persistent storage. The project focused on state management in React components and enhancing dynamic UI interactions.

- Created and maintained code for front-end components to improve usability, resulting in a 10% increase in user engagement.
- Successfully debugged the web-related issues, leading to improved efficiency and performance

## EDUCATION

### Bachelor in Software Engineering

**Virtual University (2022 – Ongoing)**

### ACCP Prime Diploma (Certification)  Aptech

**Metro Star Gate (2021-2024)**

## SUMMARY

Motivated and detail-oriented web developer with foundational knowledge in HTML, CSS, JavaScript, and responsive web design. Eager to apply problem-solving skills and creativity to develop user-friendly websites and applications. Looking for a position to grow technical expertise and contribute to innovative projects in a collaborative environment.
